INTRODUCING

Cupron-Enhanced Fabrics by CT Nassau: Performance Textiles Powered by Copper

At **CT Nassau**, we are proud to integrate Cupron technology into our range of high-quality fabrics, offering superior performance and enhanced functionality for various applications in home and bedding solutions. Whether it's mattresses, pillows, furniture, or showroom accessories, our Cupron-enhanced textiles deliver unmatched benefits, combining wellness with durability.

cupron+
enhanced

Giving a meaning to “Beauty Sleep”, safely

Cupron technology harnesses the natural power of copper, an essential mineral used for health and wellness for centuries. Copper’s remarkable antimicrobial and skin-enhancing properties are now embedded in our fabrics, providing added value and protection for any product.

ANTIMICROBIAL PROTECTION

Cupron technology offers broad-spectrum defense against bacteria, viruses, fungi, and dust mites, making our fabrics perfect for products that come in direct contact with the skin, such as mattresses, pillows and furniture covers.

SKIN-ENHANCING EFFECT

Clinically proven to reduce wrinkles and improve the appearance of skin, Cupron yarn actively promotes skin health by stimulating collagen and elastin production, making it ideal for items like **pillowcases and mattress covers**.

ODOR CONTROL

Cupron’s natural antimicrobial properties combat unpleasant odors, keeping fabrics fresher for longer, perfect for both residential and commercial use. This is why is often used in the medical sector.

FEATURES

Clinically Proven, Environmentally Friendly, and Long-Lasting

Cupron-enhanced textiles are protected by multiple patents and backed by extensive clinical studies. Cupron technology is also non-toxic, non-sensitizing, and non-irritating to the skin, making it safe for all ages. Furthermore, it is **environmentally friendly**, offering a cost-effective alternative to other metal ion technologies without compromising on quality. The copper is embedded into the fibers providing a **durable technology** that is effective throughout the life of the product and resistant to washing, ensuring long-lasting performance.

Perfect for a Wide Range of Applications

Whether you're looking to enhance your product line for the bedroom or showroom, Cupron-enhanced fabrics from CT Nassau offer versatility and durability, with solutions for:

Mattress and Bedding

Pillows and accessories

Furnishing & MORE

For single fabrics or ready-made covers, thanks to our Cut & Sew Service on demand

Unleash the Power of Copper in Your Products

Cupron technology transforms textiles into high-performance fabrics that benefit your customers' well-being and comfort. By choosing CT Nassau's Cupron-enhanced fabrics, you are investing in the future of textiles—bringing together beauty, protection, and durability.
